MEDICAL NOTE. The above speaks for itself. From strict inquiry it appears that the benefit from using Keating's Cough Lozenges is understated. The operation was a specially severe one, and was performed by the specialist. Dr. H. T. Butlin, of St. Bartholomew's Hospital. Since the operation the only means of relief is the use of these Lozenges. So successful are they that one affords immediate benefit, although from the nature of the case the throat irritation is intense.

It cures Coughs, Colds, Asthma, Bronchitis, Piles, Liver Complaints within a short period, and rapidly cuts short all attacks of Epilepsy, Spasms, Colic, Palpitation, Hysteria, and it keeps the blood free from all diseases by putting it only on the finger of the left hand. HONGKONG, WEDNESDAY, JAKUARY 18, 1893

ALTHOUGH the modes of action adopted by the Unofficial Members of Council have not invariably commended themselves to the general public, the object now aimed at by the representatives of the people namely, the reduction of the enormous cost of administrationhas been generally approved. In view of this fact, some indication might well be given by the community of its approval of the efforts made by the Unofficial Members to secure economy in the administration of the Colony. An absence of unanimity on matters of detail does not necessarily mean an absence of unanimity as to the main features of a declared policy. Every Unofficial Member of the Council, therefore, ought to share in any demonstration made by way of encouragement and approval. Perhaps the most appropriate time for any popular expression of approval has not yet arrived, and it may be that the fittest and most opportune moment for such support will arrive in course of the development Noon.-Meeting of Shareholders of The of the official movement for the West Point Building Co., Ltd., at expenditure of money upon Victoria Gaol. Upon that question all the representatives of the people-those members nominated by the Crown as well as those elected by the Chamber of Commerce and the Justices the Peace-are of one mind. A like unanimity, we believe, exists among the ratepayers, and the com-YY Brands, all of which are excellent to take action as one man upon this matter. It would serve well as a test upon which to decide the constitutional point-whether the taxpayer, even in a Crown Colony, should or should not have a say as to how the public money is cil is more manifestly at the mercy of the official vote than it has ever been before; and this too in the face of the Governor's announcement that he would be ever ready to give consideration to the views of the Unofficial Members upon every subject. It is just possible, as we have before hinted, that the Governor is powerless in the face of the strongest pressure from Downing Street; and it is an open secret that many of the officials 1.50 | would act very differently were they granted a free hand. But whether the fight is to be fought against the Colonial Office or its representatives on the spot matters little. That fight has to 7.50 0.75 be fought, and it has also to be won. Here then is the opportunity-if the w 1,00 Imperial authorities are so ill-advised as to force a large expenditure upon us in regard to the extension of a Gaol which at present is considered ample for all reasonable requirements. If the United States Government could have first entered into some preliminary arrangement with the South American republics; with China and with India to adopt free coinage of silver and make it unlimited legal tender over half the globe. it might perhaps have alarmed some of the European nations into a reconsideration of their gold policy. But the business-men of the United Sistes are too keen, or are not bold enough, to risk an experiment of that kind.
